Vision

“To become a great construction company which bless the nations”

Mission

“Focus and give the best services in the construction”

Management Note

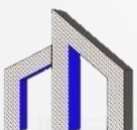

Our company which work in construction service, was born on 10th October 2006 it's fully supported with expert and experience team. We will ready to serve our Customer in Indonesia.

Since beginning, PT. Mega Kontraktor Indo Asia (MKI) was focus and give service in the construction especially in the civil work, architecture work and steel work. To retain our Customer satisfaction, we always do the best with maintain our comprehensive quality, in time quality as well as in output quality.

Customer satisfaction is our goal with our professionalism and experience. Recently, our product can be enjoyed our Customer in Indonesia.

Gratefulness to our loyal Customers who have used our services. Together, we will continue to move towards realizing our ideals and providing the best for Customers

Management

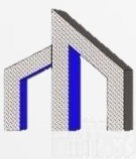

Customer

The key to success in the building construction business is commitment to quality work results the best of the company to all of its Customers. On a business trip, the majority of MKI Customers are corporate Customers leading in their respective sectors throughout Indonesian territory. MKI has a very diverse Customer base of various sectors, such as hospital, food manufacturing and consumer good (FMCG), telecommunications, retail, residence, government and other types of businesses.

MKI believes that, with quality work that is professional and innovative as well experience in serving the construction needs of large companies as well as being supported by very competitive bidding, networking a broad provider of building materials will be able to increase the level of Customer satisfaction and loyalty which will provide opportunities to continue to grow and develop more broadly in the future.

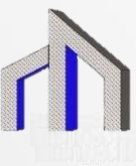

What We Do

MKI specialises in the management, coordinating and delivery of all types of building maintenance work.

We have a great deal of experience in building restorations and extensions and have a list of satisfied customers. Our key focus is to provide you with all services and support necessary to complete your renovations from start to finish, helping with the options and guide you through the decision making process. we can work on the renovation plans that you provide or we can get our team to come up with a new plan that meets both your budget and needs.

We undertake a wide variety of building and maintenance work - from small, one of residential jobs, to home builds to large commercial or industrial projects.
